Prices referred to in the determination of x must be converted to Rand (ZAR) by using the exchange rate published by the South African Reserve Bank (SARB) at 12:00 on the date of advertisement of the bid as required in paragraph 4.1 below.

The SABS approved technical specification number SATS 1286:2011 is accessible on [http://www.thedti.gov.za/industrial development/ip.jsp](http://www.thedti.gov.za/industrial%20development/ip.jsp) at no cost.

Bidders must price for the line items as set out below. This is a rates based tender and therefore no quantities, sub totals and totals will be applicable in the pricing schedule and orders will only be generated on an as and when required basis according to the rates.

The successful bidder will be required to submit a quote for the works required prior to being issued an official order and will be limited to the rates as set out herein.

Bidders are required to price for all direct and indirect cost relating to the execution of the contract (example: labour, transport, crane rental, etc.).

Bidders should note that the quantity stipulated in the table below is indicative and ERWAT reserves the right to increase/decrease the quantity as the need arises.

Evaluation for price scoring will be done by calculating the line items in the table below to an indicative sum to determine the highest scoring bidder as provided for in the PPPFA Regulation 2017.

Bidders should note that the indicative values should not be construed as a total or sub-total in any way and does not limit the award to this value. Purchase orders may be issued at the rates on an as and when required basis to not exceed the available budget for such throughout the contract period.

The rates per each item listed below must be inclusive of spares, consumables, labour, collection and delivery to all listed ERWAT sites.

FAILURE TO FILL BILL OF QUANTITY IN FULL WILL LEAD TO DISQUALIFICATION
