***“Company Experience: Technical/Physical Security Services (kindly complete the “Previous Experience” table below the functionality section in full)” TABLE BELOW**

Complete the table below, providing information on **relevant*** previous experience in the security industry as covered under the scope of this tender. Kindly note that where reference letters or completion certificates are required, they must be signed by the company to whom the Bidder had rendered the services, on their respective letterhead, must be contactable, give full details in the table below.

It is the bidder’s responsibility to submit contactable references. All the reference letters which cannot be verified will be considered invalid.

Kindly note that reference letters or completion certificates must be for individual contracts. More than one reference letter for one specific contract will be seen as one reference irrespective of the number of letters/certificates attached.

Reference letters should indicate the value of the contract and if it’s for both physical and technical security services, it should clearly indicate so and it will then be considered for both functions. As a result, there is no need to have two separate letters from the same client.
