DATE: 14 JULY 2026

TIME: 12H00

Bidders' attention is drawn to the amendments made in the document. Please complete and acknowledge receipt of addendum and send chantel.kearns@erwat.co.za or Phumzile.mdlalose@erwat.co.za (Supply Chain Management). This is not compulsory.

The following amendments are made in the tender document:

1. It is formally communicated that the **CIDB Requirements** under **F2.1** in page 7 contain an **error in item number 2**. The requirements mistakenly states that the lead Partner for the JV should have a **minimum of 7EP** i.e.) " 2. *The lead partner has a contractor grading designation in the 7 EP class of construction work; and*". This item (2) is formally corrected as per the provisions of **item 4 of the requirements**, thus the lead partner shall have a **minimum grading of 6EP instead of 7EP**.
2. For the mandatory requirements in the mandatory table in page 16, **item 3**:
 - 2.1. it is formally stated that the **SANS/IEC** standards stipulated in the document shall include any **equivalent SANS/IEC or latest versions of SANS/IEC or any higher SANS/IEC standards** (i.e., formed from or inclusive of the SANS/IEC originally stipulated in the document).
 - 2.2. It is formally stated that test certificates/reports that show a combination Bus Bars and Low Voltage assembly (e.g. switchgears and control gears) on the **Apparatus** will be accepted.
3. The tender closing date and time is therefore further extended from **16th July 2026 to 23rd July 2026 at 12h00 noon**.

NOTE TO BIDDERS:

1. Bidders must submit the support documents along with the bid document.
